AIG Parent Update

February 12, 2021

AIG Parents,

As we continue to navigate this nontraditional school year, and as we welcome cohort students back into the building, we would like to give an update on AIG schedules/expectations.

Virtual Students: All AIG virtual students will continue to receive 45 minutes of instruction in their identified areas (ELA and/or Math) with Mrs. Seder or Ms. Sheehan. Students should be in contact with their classroom teacher for their scheduled times. These schedules are also listed in the students' Google Classrooms for students to reference, as needed.

Cohort Students: All AIG cohort students will continue to receive 45 minutes of instruction in their identified areas (ELA and/or Math). When the students are in the building with their cohort, they will receive direct instruction with Ms. Sheehan. Per WCPSS guidelines, when cohort students are not in the building, the students will receive their AIG instruction via an asynchronous learning opportunity. It is important for the students to complete the asynchronous activities in order to stay on pace with the sequence of lessons. There will be explicit instructions in the Google Classroom for the students to reference as they complete the lesson.

We look forward to working with your students during the third and fourth quarters!

Thank you for your support!

Ms. Sheehan and Mrs. Seder
